(the "Basic Rate"). The Basic Rate as of the date of this agreement is (\$ _____ per month)

2. Tiered Fee Arrangements

Any "Tiered" fee arrangement, in which the amount of the Basic Rate depends upon the types of services provided, the number of hours of care provided per week for some type of service and the fees for each "tier" of care, are set forth in detail in Exhibit III.A. and made a part of this Agreement. Such exhibit describes the types of services provided, the number of hours of care provided per week for such service, the fees for each "tier" of care, and describes who will be providing care, if other than staff of the Operator.

B. Supplemental, Additional or Community, Fees

A Supplemental or Additional fee is a fee for service, care or amenities that is in addition to those fees included in the Basic Rate.

A Supplemental fee must be at Resident option. In some cases, the law permits the Operator to charge an Additional fee without the express written approval of the Resident (See section III.E).

Any charges by the Operator, whether a part of the Basic Rate, Supplemental Fee or Additional fees, shall be made only for services and supplies that are actually supplied to the Resident. A Community fee is a one-time fee that the Operator may charge at the time of admission. The Operator must clearly inform the prospective Resident what additional services, supplies or amenities the Community fee pays for and what the amount of the Community fee will be, as well as any terms regarding refund of the Community fee. The prospective Resident, once fully informed of the terms of the Community fee, may choose whether to accept the Community fee as a condition of residency in the Residence, or to reject the Community fee and thereby reject residency at the Residence.

C. Rate or Fee Schedule

Attached as Exhibit III.C. and made a part of this Agreement is a rate or fee schedule, covering both the Basic Rate and any Additional, Supplemental or Community fees, for services, supplies and amenities provided to You, with a detailed explanation of which services, supplies, and amenities are covered by such rates, fees or charges.

D. Billing and Payment Terms

The Resident(s) agree(s) to pay and the Operator agrees to accept the following payment in full satisfaction of the services, which the Operator must provide under this Agreement:

Monthly Basic Service Rate \$ _____

This amount is due and payable monthly in advance by the first (1st) day of each calendar month. Payment should be made to Elderwood Village at Fairport located at 7 Chardonnay Drive, Fairport, New York 14450.

A late charge of twenty-five dollars (\$25) and 1.5% interest per month/18% annually shall be assessed if the Monthly Basic Service Rate is not paid by the tenth (10th) day of the month. The interest shall be calculated as of the 1st of the month until such amount is paid in full. Provided, however, that the Resident or responsible party, if any, shall have the right to contest that there has been late payment or that such sums are actually due under this agreement, and that in the event of such dispute, no late charges shall be imposed unless ordered by a court of competent jurisdiction, or unless otherwise agreed to by the parties.

(In the event the Resident, Resident’s representative or Resident’s legal representative is no longer able to pay for services provided for in this Agreement or additional services or care needed by the Resident, see provisions regarding termination of the Agreement set forth in Section XIII.).

E. Adjustments to Basic Rate or Additional or Supplemental Fees

1. You have the right to written notice of any proposed increase of the Basic Rate or any Additional or Supplemental fees not less than forty-five (45) days prior to the effective date of the rate or fee increase, except in the following circumstances:
 - a) If You, or Your Resident Representative or Legal Representative agree in writing to

a specific Rate or Fee increase, through an amendment of this Agreement, due to Your need for additional care, services or supplies, the Operator may increase such Rate or Fee upon less than forty-five (45) days written notice.

- b) If the Operator provides additional care, services or supplies upon the express written order of Your primary physician, the Operator may, through an amendment to this Agreement, increase the Basic Rate or an Additional or Supplementary fee upon less than forty-five (45) days written notice.
 - c) In the event of any emergency which affects You, the Operator may assess additional charges for Your benefit as are reasonable and necessary for services, material, equipment and food supplied during such emergency.
2. Since a Community Fee is a one-time fee, there can be no subsequent increase in a Community Fee charged to You by the Operator, once You have been admitted as a resident.

F. Bed Reservation

The Operator agrees to reserve a residential space as specified in Section I.A.1 above in the event of Your absence. The charge for this reservation is the current monthly rate, pro-rated to a daily rate should the requirements for termination of the agreement be fulfilled, for example, if a 30-day notice results in a partial month charge being due. Daily rates are based on the monthly rate times twelve months and divided by 365 days. The total of the daily rate for a one-month period may not exceed the established monthly rate. The space will be reserved if the payment in full of the monthly or pro-rated rate is received. A provision to reserve a residential space does not supersede the requirements for termination as set forth in Section XIII of this agreement. You may choose to terminate this agreement rather than reserve such space but must provide the Operator with any required notice.

IV. Refund/Return of Resident Monies and Property.

Upon termination of this agreement or at the time of Your discharge, but in no case more than three business days after Your discharge, the Operator must provide You, Your Resident and/or

Legal Representative or any person designated by You with a final written statement of Your payment and personal allowance accounts at the Residence.

The Operator must also return at the time of Your discharge, but in no case more than three business days, any of Your money or property which comes into the possession of the Operator after Your discharge. The Operator must refund based on a per diem proration any advance payment(s) which You have made.

If You die, the Operator must turn over Your property to the legally authorized representative of Your estate.

If You die without a will and the whereabouts of Your next-of-kin is unknown, the Operator shall contact the Surrogate's Court of the County wherein the Residence is in order to determine what should be done with property of Your estate.

V. Transfer of Funds or Property to Operator

If You wish to voluntarily transfer money, property or things of Value to the Operator upon admission or at any time, the Operator must enumerate the items given or promised to be given and attach to this agreement a listing of the items given to be transferred. Such listing is attached as Exhibit V. and is made part of this Agreement. Such listing shall include any agreements made by third parties for Your benefit.

VI. Property or items of value held in Operator's custody for You.

If, upon admission or any other time, you wish to place property or things of value in the Operator's custody and the Operator agrees to accept the responsibility of such custody, the Operator must enumerate the items so placed and attach to this agreement a listing of such items. Such listing is attached as Exhibit VI. of this Agreement.

VII. Fiduciary Responsibility

If the Operator assumes management responsibility over Your funds, the Operator shall maintain such funds in a fiduciary capacity to You. Any interest on money received and held for You by the Operator shall be Your property.

VIII. Tipping

The Operator must not accept, nor allow Residence staff or agents to accept, any tip or gratuity in any form for any services provided or arranged for as specified by statute, regulations or agreement.

IX. Personal Allowance Accounts

The Operator agrees to offer to establish a personal allowance account for any Resident who receives either Supplemental Security Income (SSI) or Safety Net Assistance (SNA) payments by executing a Statement of Offering (DOH-5195) with You or Your representative.

You agree to inform the Operator if you receive or have applied for Supplemental Security Income (SSI) or Safety Net Assistance (SNA) funds.

You must complete the following:

I receive SNA funds, _____ or I have applied for SNA funds _____

Under the law which governs Assisted Living Residences (Public Health Law Article 46-b), the Operator shall not admit any Resident if the Operator is not able to meet the care needs of the Resident, within the scope of services authorized under such law, and within the scope of services determined necessary within the Resident's Individualized Services Plan. The Operator shall not admit any Resident in need of 24-hour skilled nursing care. An Operator shall not exclude an individual on the sole basis that such individual is a person who primarily uses a wheelchair for mobility, and shall make reasonable accommodations to the extent necessary to admit such individuals, consistent with Americans with Disabilities Act of 1990, 42 U.S.C. 12101 et seq. and with the provisions of those sections.

2. If your behavior poses imminent risk of death or imminent risk of serious physical harm to You or anyone else;
3. You fail to make timely payment for all authorized charges, expenses and other assessments, if any, for services including use and occupancy of the premises, materials, equipment and food which You have agreed to pay under this Agreement. If Your failure to make timely payment resulted from an interruption in Your receipt of any public benefit to which You are entitled, no involuntary termination of this Agreement can take place unless the Operator, during the thirty-day period of notice of termination, assists You in obtaining such public benefits or other available supplemental public benefits. You may object to the Operator about the proposed termination and may be represented by an attorney or advocate. If You challenge the termination, the Operator, in order to terminate, must institute a special proceeding in court. You will not be discharged against Your will unless the court rules in favor of the Operator.

While legal action is in progress, the Operator must not seek to amend the Residency Agreement in effect as of the date of the notice of termination, fail to provide any of the care and services required by Department regulations and the Residency Agreement, or engage in any action to intimidate or harass You.

Both You and the Operator are free to seek any other judicial relief to which they may be entitled.

The Operator must assist You if the Operator proposes to transfer or discharge You to the extent necessary to assure, whenever practicable, your placement in a care setting which is adequate, appropriate and consistent with Your reasonable wishes.

XIV. Transfer

Notwithstanding the above, an Operator may seek appropriate evaluation and assistance and may arrange for Your transfer to an appropriate and safe location, prior to termination of a Residency Agreement and without 30 days' notice or court review, for the following reasons:

1. When You develop a communicable disease, medical or mental condition, or sustain an injury such that continual skilled medical or nursing services are required;

2. If Your behavior poses an imminent risk of death or serious physical injury to him/herself or others; or
3. When a Receiver has been appointed under the provisions of New York State Social Services Law and is providing for the orderly transfer of all Residents in the Residence to other residences or is making other provisions for the Residents' continued safety and care.

If You are transferred, in order to terminate Your Residency Agreement, the Operator must proceed with the termination requirements as set forth in Section XIII of this Agreement, except that the written notice of termination must be hand delivered to You at the location to which You have been moved.

If such hand delivery is not possible, then the notice must be given by any of the methods provided by law for personal service upon a natural person.

If the basis for the transfer permitted under parts 1 and 2 above of this Section no longer exists, you are deemed appropriate for placement in this Residence and if the Residency Agreement is still in effect, You will be readmitted.

INTRODUCTION

This consumer information guide will help you decide if an assisted living residence is right for you and, if so, which type of assisted living residence (ALR) may best serve your needs.

There are many different housing, long-term care residential and community based options in New York State that provide assistance with daily living. The ALR is just one of the many residential community-based care options.

The New York State Department of Health's (DOH) website provides information about the different types of long-term care at www.nyhealth.gov/facilities/long_term_care/.

More information about senior living choices is available on the New York State Office for the Aging website at www.aging.ny.gov/ResourceGuide/Housing.cfm.

A glossary for definitions of terms and acronyms used in this guide is provided on pages 10 and 11.

WHAT IS AN ASSISTED LIVING RESIDENCE (ALR)?

An Assisted Living Residence is a certified adult home or enriched housing program that has additionally been approved by the DOH for licensure as an ALR. An operator of an ALR is required to provide or arrange for housing, twenty-four-hour on-site monitoring, and personal care services and/or home care services in a home-like setting to five or more adult residents.

ALRs must also provide daily meals and snacks, case management services, and is required to develop an individualized service plan (ISP). The law also provides important consumer protections for people who reside in an ALR.

ALRs may offer each resident their own room, a small apartment, or a shared space with a suitable roommate. Residents will share common areas, such as the dining room or living room, with other people who may also require assistance with meals, personal care and/or home care services.

The philosophy of assisted living emphasizes personal dignity, autonomy, independence, privacy, and freedom of choice. Assisted living residences should facilitate independence and help individuals to live as independently as possible and make decisions about how they want to live.

WHO OPERATES ALRs?

ALRs can be owned and operated by an individual or a for-profit business group or corporation, a not-for-profit organization, or a government agency.

PAYING FOR AN ALR

It is important to ask the ALR what kind of payment it accepts. Many ALRs accept private payment or long term care insurance, and some accept Supplemental Security Income (SSI) as the primary method of payment. Currently, Medicaid and Medicare will NOT pay for residing in an ALR, although they may pay for certain medical services received while in the ALR.

Costs vary among ALRs. Much of the variation is due to the types and level of services provided and the location and structure of the residence itself.

TYPES OF ALRs AND RESIDENT QUALIFICATIONS

There are three types of ALRs: Basic ALRs (ALR), Enhanced ALRs (EALR), and Special Need ALRs (SNALR). The services provided, offered or permitted vary by type and can vary from residence to residence. Prospective residents and their representatives should make sure they understand the type of ALR and be involved in the ISP process (described below), to ensure that the services to be provided are truly what the individual needs and desires.

Basic ALR: A Basic ALR takes care of residents who are medically stable. Residents need to have an annual physical exam and may need routine medical visits provided by medical personnel onsite or in the community.

Generally, individuals who are appropriately served in a Basic ALR are those who:

- Prefer to live in a social and supportive environment with 24-hour supervision;
- Have needs that can be safely met in an ALR;
- May be visually or hearing impaired;
- May require some assistance with toileting, bathing, grooming, dressing or eating;
- Can walk or use a wheelchair alone or occasionally with assistance from another person, and can self-transfer;
- Can accept direction from others in time of emergency;
- Do not have a medical condition that requires 24-hour skilled nursing and medical care; or
- Do not pose a danger to themselves or others.

The Basic ALR is designed to meet the individual’s social and residential needs, while also encouraging and assisting with activities of daily living (ADLs). However, a licensed ALR may also be certified as an Enhanced Assisted Living Residence (EALR) and/or Special Needs Assisted Living Residence (SNALR) and may provide additional support services as described below.

Enhanced ALR (EALR): Enhanced ALRs are certified to offer an enhanced level of care to serve people who wish to remain in the residence as they have age-related difficulties beyond what a Basic ALR can provide. To enter an EALR, a person can “age in place” in a Basic ALR or enter directly from the community or another setting. If the goal is to “age-inplace,” it is important to ask how many beds are certified as enhanced and how your future needs will be met.

People in an Enhanced ALR may require assistance to get out of a chair, need the assistance of another to walk or use stairs, need assistance with medical equipment, and/or need assistance to manage chronic urinary or bowel incontinence.

An example of a person who may be eligible for the Enhanced ALR level of care is someone with a condition such as severe arthritis who needs help with meals and walking. If he or she later becomes confined to a wheelchair and needs help transferring, they can remain in the Enhanced ALR.

The Enhanced ALR must assure that the nursing and medical needs of the resident can be met in the facility. If a resident comes to need 24-hour medical or skilled nursing care, he/she would need to be transferred to a nursing facility or hospital unless all the criteria below are met:

- a) The resident hires 24-hour appropriate nursing and medical care to meet their needs;
- b) The resident's physician and home care services agency decide his/her care can be safely delivered in the Enhanced ALR;
- c) The operator agrees to provide services or arrange for services and is willing to coordinate care; and
- d) The resident agrees with the plan.

Special Needs ALR (SNALR): Some ALRs may also be certified to serve people with special needs, for example Alzheimer's disease or other types of dementia. Special Needs ALRs have submitted plans for specialized services, environmental features, and staffing levels that have been approved by the New York State Department of Health.

The services offered by these homes are tailored to the unique needs of the people they serve. Sometimes people with dementia may not need the more specialized services required in a Special Needs ALR, however, if the degree of dementia requires that the person be in a secured environment, or services must be highly specialized to address their needs, they may need the services and environmental features only available in a Special Needs ALR. The individual's physician and/or representative and ALR staff can help the person decide the right level of services.

An example of a person who could be in a Special Needs ALR, is one who develops dementia with associated problems, needs 24-hour supervision, and needs additional help completing his or her activities of daily living. The Special Needs ALR is required to have a specialized plan to address the person's behavioral changes caused by dementia. Some of these changes may present a danger to the person or others in the Special Needs ALR. Often such residents are provided medical, social or neuro-behavioral care. If the symptoms become unmanageable despite modifications to the care plan, a person may need to move to another level of care where his or

DM2/4504192.2

her needs can be safely met. The ALR's case manager is responsible to assist residents to find the right residential setting to safely meet their needs.

HOW TO CHOOSE AN ALR

VISITING ALRs: Be sure to visit several ALRs before making a decision to apply for residence. Look around, talk to residents and staff and ask lots of questions. Selecting a home needs to be comfortable.

Ask to examine an “open” or “model” unit and look for features that will support living safely and independently. If certain features are desirable or required, ask building management if they are available or can be installed. Remember charges may be added for any special modifications requested.

It is important to keep in mind what to expect from a residence. It is a good idea to prepare a list of questions before the visit. Also, taking notes and writing down likes or dislikes about each residence is helpful to review before making a decision.

THINGS TO CONSIDER: When thinking about whether a particular ALR or any other type of community-based housing is right, here are some things to think about before making a final choice.

Location: Is the residence close to family and friends?

Licensure/Certification: Find out the type of license/certification a residence has and if that certification will enable the facility to meet current and future needs.

Costs: How much will it cost to live at the residence? What other costs or charges, such as dry cleaning, cable television, etc., might be additional? Will these costs change?

Transportation: What transportation is available from the residence? What choices are there for people to schedule outings other than to medical appointments or trips by the residence or other group trips? What is within safe walking distance (shopping, park, library, bank, etc.)?

Place of worship: Are there religious services available at the residence? Is the residence near places of worship?

Social organizations: Is the residence near civic or social organizations so that active participation is possible?

Shopping: Are there grocery stores or shopping centers nearby? What other type of shopping is enjoyed?

Activities: What kinds of social activities are available at the residence? Are there planned outings which are of interest? Is participation in activities required?

Other residents: Other ALR residents will be neighbors, is this a significant issue or change from current living arrangement?

Staff: Are staff professional, helpful, knowledgeable and friendly?

Resident Satisfaction: Does the residence have a policy for taking suggestions and making improvements for the residents?

Current and future needs: Think about current assistance or services as well as those needed in several years. Is there assistance to get the services needed from other agencies or are the services available on site?

If the residence offers fewer Special Needs beds and/or Enhanced Assisted Living beds than the total capacity of the residence, how are these beds made available to current or new residents? Under what conditions require leaving the residence, such as for financial or for health reasons? Will room or apartment changes be required due to health changes? What is the residence's policy if the monthly fee is too high or if the amount and/or type of care needs increase?

Medical services: Will the location of the facility allow continued use of current medical personnel?

Meals: During visit, eat a meal. This will address the quality and type of food available. If, for cultural or medical reasons, a special diet is required, can these types of meals be prepared?

Communication: If English is not the first language and/or there is some difficulty communicating, is there staff available to communicate in the language necessary? If is difficulty hearing, is there staff to assist in communicating with others?

Guests: Are overnight visits by guests allowed? Does the residence have any rules about these visits? Can a visitor dine and pay for a meal? Is there a separate area for private meals or gatherings to celebrate a special occasion with relatives?

WHO CAN HELP YOU CHOOSE AN ALR? When deciding on which ALR is right, talk to family members and friends. If they make visits to the residences, they may see something different, so ask for feedback.

Physicians may be able to make some recommendations about things that should be included in any residence. A physician who knows about health needs and is aware of any limitations can provide advice on your current and future needs.

Before making any final decisions, talking to a financial advisor and/or attorney may be appropriate. Since there are costs involved, a financial advisor may provide information on how these costs may affect your long term financial outlook. An attorney review of any documents may also be valuable. (e.g., residency agreement, application, etc.)

ADMISSION CRITERIA AND INDIVIDUALIZED SERVICE PLANS (ISP)

An evaluation is required before admission to determine eligibility for an ALR. The admission criteria can vary based on the type of ALR. Applicants will be asked to provide results of a physical exam from within 30 days prior to admission that includes a medical, functional, and mental health assessment (where appropriate or required). This assessment will be reviewed as part of the Individualized Service Plan (ISP) that an ALR must develop for each resident.

The ISP is the “blueprint” for services required by the resident. It describes the services that need to be provided to the resident, and how and by whom those services will be provided. The ISP is developed when the resident is admitted to the ALR, with the input of the resident and his or her representative, physician, and the home health care agency, if appropriate. Because it is based on the medical, nutritional, social and everyday life needs of the individual, the ISP must be reviewed and revised as those needs change, but at least every six months.

APPLYING TO AN ALR

The following are part of entering an ALR:

An Assessment: Medical, Functional and Mental: A current physical examination that includes a medical, functional and mental health evaluation (where appropriate or required) to determine what care is needed. This must be completed by a physician 30 days prior to admission. Check with staff at the residence for the required form.

An application and any other documents that must be signed at admission (get these from the residence). Each residence may have different documents. Review each one of them and get the answers to any questions.

Residency Agreement (contract): All ALR operators are required to complete a residency agreement with each new resident at the time of admission to the ALR. The ALR staff must disclose adequate and accurate information about living in that residence. This agreement determines the specific services that will be provided and the cost. The residency agreement must include the type of living arrangements agreed to (e.g., a private room or apartment); services (e.g., dining, housekeeping); admission requirements and the conditions which would

require transfer; all fees and refund policies; rules of the residence, termination and discharge policies; and resident rights and responsibilities.

An Assisted Living Model Residency Admission Agreement is available on the New York State Health Department's website at:

http://www.nyhealth.gov/facilities/assisted_living/docs/model_residency_agreement.pdf.

Review the residency agreement very carefully. There may be differences in each ALR's residency agreement, but they have to be approved by the Department. Write down any questions or concerns and discuss with the administrator of the ALR. Contact the Department of Health with questions about the residency agreement. (See number under information and complaints)

Disclosure Statement: This statement includes information that must be made known to an individual before signing the residency agreement. This information should include: licensure, ownership, availability of health care providers, availability of public funds, the State Health Department toll-free number for reporting complaints, and a statement regarding the availability and telephone numbers of the state and local long-term care ombudsman services. The disclosure statement should be reviewed carefully.

Financial Information: Ask what types of financial documents are needed (bank statements, long term care insurance policies, etc.). Decide how much financing is needed in order to qualify to live in the ALR. Does the residence require a deposit or fee before moving in? Is the fee refundable, and, if so, what are the conditions for the refund?

Before Signing Anything: Review all agreements before signing anything. A legal review of the documents may provide greater understanding. Understand any long term care insurance benefits. Consider a health care proxy or other advance directive, making decision about executing a will or granting power of attorney to a significant other may be appropriate at this time.

Resident Rights, Protection, and Responsibilities: New York State law and regulations guarantee ALR residents' rights and protections and define their responsibilities. Each ALR operator must adopt a statement of rights and responsibilities for residents, and treat each

resident according to the principles in the statement. For a list of ALR resident rights and responsibilities visit the Department's website at

http://www.nyhealth.gov/facilities/assisted_living/docs/resident_rights.pdf. For a copy of an individual ALR's statement of rights and responsibilities, ask the ALR.

LICENSING AND OVERSIGHT

ALRs and other adult care facilities are licensed and inspected every 12 to 18 months by the New York State Department of Health. An ALR is required to follow rules and regulations and to renew its license every two years. For a list of licensed ALRs in NYS, visit the Department of Health's website at

www.nyhealth.gov/facilities/assisted_living/licensed_programs_residences.htm.

Glossary of Terms Related to Guide

Activities of Daily Living (ADL): Physical functions that a person performs every day that usually include dressing, eating, bathing, toileting, and transferring.

Adult Care Facility (ACF): Provides temporary or long-term, non-medical, residential care services to adults who are to a certain extent unable to live independently. There are five types of adult care facilities: adult homes, enriched housing programs, residences for adults, family-type homes and shelters for adults. Of these, adult homes, enriched housing programs, and residences for adults are overseen by the Department of Health. Adult homes, enriched housing programs, and residences for adults provide long-term residential care, room, board, housekeeping, personal care and supervision. Enriched housing is different because each resident room is an apartment setting, i.e. kitchen, larger living space, etc. Residences for adults provide the same services as adult homes and enriched housing except for required personal care services.

Adult Day Program: Programs designed to promote socialization for people with no significant medical needs who may benefit from companionship and supervision. Some programs provide specially designed recreational and therapeutic activities, which encourage and improve daily living skills and cognitive abilities, reduce stress, and promote capabilities.

Adult Day Health Care: Medically-supervised services for people with physical or mental health impairment (examples: children, people with dementia, or AIDS patients). Services include: nursing, transportation, leisure activities, physical therapy, speech pathology, nutrition assessment, occupational therapy, medical social services, psychosocial assessment, rehabilitation and socialization, nursing evaluation and treatment, coordination of referrals for outpatient health, and dental services.

Aging in Place: Accommodating a resident's changing needs and preferences to allow the resident to remain in the residence as long as possible.

Assisted Living Program (ALP): Available in some adult homes and enriched housing programs. It combines residential and home care services. It is designed as an alternative to nursing home placement for some people. The operator of the assisted living program is responsible for providing or arranging for resident services that must include room, board,

housekeeping, supervision, personal care, case management and home health services. This is a Medicaid funded service for personal care services.
